CRP 80-8

Rescinds: CRP 79-5

Tabbing of Documents

Rescinded immediately is the referenced CRP which requires tabbing of documents originated by: (1) a foreign government, (2) another U. S. Government agency, and (3) CIA, but containing information which must be reviewed by another U. S. Government agency. With the requirement for entering all documents into the DARE system and the subsequent capability of providing a computer listing of all such documents, this tabbing is no longer necessary.
